City News Items

Week's Happenings in Brief

Dr. Dixon was at the hospital this week on professional business.

H. L. Higgs returned on Tuesday evening after spending several days at Banff.

Wetaskiwin City Band is making good progress under the able tuition of Mr. W. Bell.

Murray Dobson left on Monday for Idaho where he will spend some time on important business.

Don't forget the program and ice cream social in the Swedish Baptist church this Friday evening.

J. Westerby, recently of Strathcona has accepted a situation in the electric light department.

Quite a number of Americans are dropping off at Wetaskiwin. The most of them are land hunters.

Wetaskiwin produce market is keen. Butter, eggs, hogs, beef, potatoes, etc. are all quickly bought up at good prices.

Rev. C. O. Cornille was a visitor on Wednesday and gave an address to the district meeting which was well received.

Nurse Mason came down from Edmonton this Thursday morning and will spend some time in the city professionally.

Mr. Case of the Imperial bank staff left a few days ago for his holidays, which will be spent at his old home in Ontario.

John Ochs, one of our thrifty German shoemakers, is hearing the completion of a new residence on Railway street west.

J. M. Douglas, M. P. for the Strathcona constituency, was in the city on Friday last, shaking hands with his many friends.

The friends of Root, who has been in the city for some time, are improving nicely.

Work on the new Imperial bank is advancing rapidly and the management expect to be occupying their new quarters some time in July.

Mr. Milne, son-in-law of Mr. and Mrs. J. H. Martin, with Mrs. Milne arrived in the city on Monday to accept a situation as office man for the Wetaskiwin Produce Co.

Mr. and Mrs. James Scott left last week on an extended holiday trip. They will visit relatives in different parts of Ontario, and expect to be absent at least a month.

The Times humbly acknowledges the many compliments received on the excellent program for the memorial service held in the school on Friday last which was printed in the Times job department.

Rev. A. R. Aldridge leaves on Monday afternoon for the conference gathering at Red Deer. Mr. Aldridge is secretary of the conference. This year Mr. J. P. Fowler is Lay Delegate from Wetaskiwin to conference.

A welcome shower of rain came on Wednesday night. As a result all vegetation looks better. Grain crops of all kinds are looking good, there having been considerable growth the past week. Fall wheat has brightened up a lot and this rain will bring it along wonderfully.

An up-to-date soda fountain was installed in the Red Cross Drug store last week. This is one of the finest fountains in the West, being fitted up with the latest and most convenient attachments, and no doubt will be well patronized by the citizens of the Elevator City.

The Official opening of the King Edward school will take place tomorrow (Friday) after noon at 2:30. Addresses will be given by members of the school board, and others, and a good program is being prepared by the children of the school. The public is cordially invited to attend and inspect the new building.

The host of friends of Miss Elizabeth Simonson extend their heartiest congratulations to her upon her obtaining her B. A. degree at the Brandon College, at the recent examination. Miss Simonson is the first native of Sweden in the Wetaskiwin district to secure the B. A. degree and is the first native of Sweden in Canada to earn this degree at the Brandon College.

The Bauer store on Railway street, east, will soon be in readiness for the farmers. This place of business is to be controlled by the Farmer's Co-Operative Society of Alberta. Mr. D. Humphre is the manager. Besides the retail business, a general wholesale trade will be carried on among the company's stores. Wetaskiwin being their headquarters.

A step in the right direction has been taken by the Council in wiring buildings at cost. It is anticipated that this move will result in a large number taking light and power, who up to now have been prevented by the initial cost of having their buildings wired. The city employs only competent men to do the work, and the opportunity now afforded the citizens to have their houses wired at the bare cost of material and labor is one that the careful progressive man cannot afford to lose. A number of new consumers have been obtained, and the council is confident that this undertaking will prove an unequalled success.

The citizens were somewhat surprised on Friday last to learn that William H. A., the eldest son of Mr. and Mrs. Thomas Ward, had passed away at the early age of 13 years, 2 months and 8 days. He had been sick for some time, and although he was of a strong physique, and appeared to be improving, yet at the last his heart weakened, and the spirit took its flight. He was a very popular boy with his playmates and will be a great loss to them, as well as to his parents, who regarded him as the flower of the family. The funeral took place on Sunday afternoon, the service being conducted in the Methodist church by Rev. A. R. Aldridge, B. A., and the interment taking place in the Wetaskiwin cemetery. A very large crowd attended the service to pay their last respects to the departed, as well as to express their sympathy to the bereaved parents.

MEMORIAL SERVICE

The memorial service held in the school on Friday last, for the late King Edward VII, was a most impressive ceremony ever held in Wetaskiwin. All the business places were closed during the hours of the service, and the large hall was crowded with adults and pupils who were deeply touched by the solemnity of the occasion. The addresses were given by Mayor Montgomery, who occupied the chair, Rev. J. E. Hogg, Rev. A. R. Aldridge and Mr. J. P. Fowler, chairman of the school board, each dwelt upon some phase of the life of the late Sovereign, and as the incidents of his life were recalled the audience could not help but be deeply impressed by the exemplary life of King Edward VII. Rev. V. M. Dunsford read the Scriptural lesson. The songs by the children of the school "Canadian Flag Song" and "The Succession" were good, and showed very careful preparation. The solos by Mrs. H. O. R. Walker and Mrs. W. E. Edwards were exceptionally well rendered, while the quartette "Crossing The Bar" by Mesdames Horner and Montgomery and Messrs. Hogg and Hughes, brought many of the audience to tears. The Wetaskiwin Citizens' Band concluded the service by rendering the Dead March in a manner that touched every heart in the building. The service was one that will not be soon forgotten by anyone who attended the meeting.

METHODIST CHURCH NOTES

At the Quarterly Official Board Meeting, held on Friday last, reports of the work of the church here were received. The year has been one of progress in almost every department. The meeting of the Wetaskiwin district convened here on Tuesday and Wednesday. The representatives, both ministers and lay delegates from the various fields were present and in most instances were able to report satisfactory increases in both membership and finance. Two new missions were recommended to be formed and several candidates for the ministry underwent their primary examination. The public meeting on Tuesday evening was addressed by Revs. Wilkinson, Nicholson and Richards. The delegates were hospitably entertained by the members of the congregation.

THE AGRICULTURAL FAIR

The main purpose for which the agricultural fair was instituted, for which it really exists, for which men are sacrificing their time and money and for which large government grants are made, appears to be forgotten by many persons.

What is it? Is it not to advance the agricultural interests of the whole country? By giving opportunity to "rather together men interested in agricultural pursuits, the main spring of the world; by collecting the various products of the farm and household that they may be compared and the methods of production may be reviewed, commenting on and better methods devised; by illustrative lectures and competitions in many ways, the agricultural society, aided by the government, and occasionally by municipalities, strives to better the condition of the producer—he be farmer or artisan.

But how often do we see this important feature—the educative side—overlooked and ignored by exhibitors and, in many cases, to a large extent by the fair managers. It is too frequently the case for an exhibitor to show his products only for "what there is in it," for the manager to put on attractions that serve no educative purpose but simply to draw the crowd.

In a business man's office the other day, the writer was pleased to see a large number of prize tickets won at our fair in the past five or six years. The money value of these prizes was considerable, but what struck home was the fact that the winner thought sufficient of the tickets to preserve them and put them in their turn on exhibition. The honor of winning—of raising the vegetable or breeding the stock that was worthy of distinction—was the all important point with this exhibitor.

As a contrast, look at the floor of the exhibition hall after a fair and all around the grounds near where the animals were placed. The whole place is littered with red, blue and yellow tickets, indicating in marked degree that many exhibitors care more for the dollars and cents represented by the price than for the honor of winning.

Is it not to be regretted that such is the case? Should we not all strive to build up, even though there is no immediate return in cash? Let us do our best in every detail. If we win honor, even without cash emolument, let us be satisfied, knowing that everything that benefits or improves the race, as a body will benefit it individually—individual pieces.

CREAM PRICES BASED ON QUALITY

Grading cream and the quality has as payment, was the motto adopted at the Alberta Buttermakers' convention. All the cream received at the different government creameries throughout Alberta this year will be sampled and graded. He who sends cream possessing consistency and quality to marshal it into the ranks of first grade, will receive a premium of two cents for his cream over the man who is content to file below him. Good cream is the prime essential of good butter, and the best butter brings the best price. Therefore the fact should not be questioned whether or not such a move as that taken by the Alberta buttermakers is a wise one.

The husbandmen of Western Canada are men with ideas and it is not complimentary to them in this instance to say that they will not aim at the best product and the highest price. Alberta's products are finding a high class market in British Columbia and it is the most important step that the co-operative creameries of the province have taken with the endeavor to place a uniform as well as a high grade butter on the market. If the quality basis as payment has no other effect than to corral the poor product it is worthy of support and commendation.

STRUCK BY TRAIN

While attempting to cross in front of the north-bound passenger train last Saturday night, Glen Kennedy, who is employed at J. J. Flood's livery barn, was struck by the engine and buried into the ditch. He was with his brother at the time and it was at first thought that he was fatally injured. Medical aid was at first summoned and Dr. Sutherland, who hastily arrived on the scene, found that except for the shock and a severe shaking up he was not seriously injured, no bones having been broken. He was carried on a folding camp bed to the Waldorf hotel and will soon be able to be around again as usual. He was struck near the hip, evidently by the projecting arm of the guard on the front of the engine and has reason to be thankful that he got off as lightly as he did. Representative.

LOUIS GOLDMAN MURDERED

Jedgewick, Alta., May 24.—The town was thrown into a commotion this afternoon by the report that a murder had been committed about a mile east of here by Seranus Amann, formerly of Millet, who shot his son-in-law, Louis Goldman, through the head. There has been some trouble between the two men for the last few weeks, which came to a climax today in a fight. Goldman, who is a much bigger man than his father-in-law, had him down and was using him pretty roughly. Amann pleaded for mercy, and was at last allowed to get up. As Goldman was walking away with a neighbor Amann shot him through the back of the head. Amann afterwards came into town with the neighbor, and told what he had done and allowed himself to be taken into custody. It is understood that Goldman has a wife and a large family living in England.

PINNEY BUNCH OF CATTLE IN THE PROVINCE

Mr. Williams of the Alberta Farm & Live Stock Co., Rossmore, was in the city Tuesday evening enroute for Edmonton with nine cars of fat cattle, which had been disposed of to the J. Y. Griffin Co. The shipment consisted of 123 head, which averaged 1440 lbs., odd. One pen or 64 head, averaged 1350 lbs. We understand that the highest price ever paid for stock in Alberta was realized for this bunch, and that they were bought by the Packing Company for their own trade, which will give their customers as good meat as they ever obtained from the stall fed animals of the east. As this bunch has been heavily gained ever since last fall. The company has some 300 head of stock on hand, but they intend to buy stockers again shortly and hope to have even greater results next winter by systematic feeding than they obtained on the lot just disposed of.

NEW NORWAY TAKES ON VILLAGES CLOTHES

New Norway hit the thrill of youthful achievement on Tuesday last, when the ratepayers went to the polls and elected the first village council. Six names were submitted on nomination day, but two withdrew, leaving four in the field with three to be elected. The result was as follows:—N. M. Smith, 12; J. F. Willows, 11; E. O. Ostad, 11; and Joseph Mervin 5. The first three will form the council for 1916, and on the first meeting will elect a chairman as the first order of business. Ole Ramsey and August Dittmer were the two who had their names withdrawn.

New Norway, like many other thriving towns sprang from a very early date. While still awaiting the arrival of the steel, the village has a spacious main street and well conducted business blocks on either side. A large hotel is in course of construction and a creamery is being erected on the outskirts of the town.—Canadian.

At the annual Meeting of the Western Stock Growers Association, held at Medicine Hat last week, the following resolution was unanimously passed:—"That this association desires to once again place itself on record that it is absolutely necessary in order to safeguard the interests of the cattle industry, that the tenure of grazing leases shall be made more permanent; that when a grazing lease is granted it shall be for a certain definite period, and that such period shall not be liable to cancellation at the will of the Minister of the Interior. We would recommend that grazing leases shall be made for at least a period of ten years, and that when once granted they shall be permanent for the said period, existing leases, to be brought under similar conditions.

With creamery managers paying over thirty cents per pound of butter, fat, it is not difficult to persuade the average farmer who has any knowledge of the milking capacity of even an average cow that there is money in keeping a few milkers. Generally speaking there is a continued scarcity of dairy products in the prairie provinces of Canada. Importations have been made from Ontario to fill the demand, and on the whole consumers pay high prices for butter and cheese.—Farmers Advocate.

Fred Lehman, a few months ago proprietor of a hotel in Lacombe, has been arrested in Calgary on a charge of vagrancy and it is thought he may have to face more serious charges because of connection with what seems to be a wholesale robbery scheme. Four men have been found who were victimized by Lehman, and a few of the bartenders may get into difficulty because of the "dope" used.

IT IS SIMPLY MARVELLOUS

NOTHING TO COMPARE WITH "FRUIT-A-TIVES."

After Physicians and Ordinary Remedies Failed to Relieve This Famous Fruit Medicine Promptly Cured.

Thousands of people owe their good health to "Fruit-a-tives." Thousands of others are rapidly being restored to health and strength through the marvellous powers of this extraordinary medicine. Here is just one case in Lancaster, Ont.:

"For years, I was a martyr to Chronic Constipation. I tried pills, etc., and consulted physicians without relief. Then I began to take 'Fruit-a-tives' and these wonderful fruit tablets entirely cured me."

Humphreys is the manager. Besides the retail business, a general wholesale trade will be carried on among the company's stores, Wetaskiwin being their headquarters.

A step in the right direction has been taken by the Council in wiring buildings at cost. It is anticipated that this move will result in a large number taking light and power, who up to now have been prevented by the initial cost of having their buildings wired. The city employees only competent men to do the work, and the opportunity now afforded the citizens to have their houses wired at the bare cost of material and labor is one that the entire progressive man cannot afford to lose. A number of new consumers have been obtained, and the council is confident that this undertaking will prove an unqualified success.

The citizens were somewhat surprised on Friday last to learn that William H. A., the eldest son of Mr. and Mrs. Thomas Ward, had passed away at the early age of 13 years, 2 months and 8 days. He had been sick for some time, and although he was of a strong physique and appeared to be improving, yet at the last his heart weakened, and the spirit took its flight. He was a very popular boy with his playmates and will be a great loss to them, as well as to his parents, who regarded him as the flower of the family. The funeral took place on Sunday afternoon, the service being conducted in the Methodist church by Rev. A. R. Aldridge, B. A., and the interment taking place in the Wetaskiwin cemetery. A very large crowd attended the service to pay their last respects to the departed, as well as to express their sympathy to the bereaved parents.

MEMORIAL SERVICE

The memorial service held in the Assembly Hall of Alberta, on Friday last, was a very impressive ceremony ever held in Wetaskiwin. All the business places were closed during the hours of the service, and the large hall was crowded with adults and pupils who were deeply touched by the solemnity of the occasion. The addresses were given by Mayor Montgomery, who occupied the chair, Rev. J. B. Hogg, Rev. A. R. Aldridge and Mr. J. F. Fowler, chairman of the school board, each dwelt upon some phase of the life of the late Sovereign, and as the incidents of his life were recalled the audience could not help but be deeply impressed by the exemplary life of King Edward VII. Rev. V. M. Durnford read the Scriptural lesson. The songs by the children of the school "Canadian Flag Song" and "The Reckoning" were good, and showed very careful preparation. The solos by Mrs. H. C. H. Walker and Mrs. W. E. Edwards were exceptionally well rendered, while the quartette "Crossing the Bar" by Messrs. Horner and Montgomery and Messrs. Hogg and Hughes, brought many of the audience to tears. The Wetaskiwin Citizens' Band concluded the service by rendering the Dead March in a manner that touched every heart in the building. The service was one that will not be soon forgotten by anyone who attended the meeting.

METHODIST CHURCH NOTES

At the Quarterly Official Board Meeting, held on Friday last, reports of the work of the church here, were received. The year has been one of progress in almost every department. The meeting of the Wetaskiwin district convened here on Tuesday and Wednesday. The representatives, both ministers and lay delegates from the various fields were present and in most instances were able to report satisfactory increases in both membership and finance. Two new missions were recommended to be formed and several candidates for the ministry underwent their primary examination. The public meeting on Tuesday evening was addressed by Revs. Wilkinson, Nicholson and Richards. The delegates were hospitably entertained by the members of the congregation.

THE AGRICULTURAL FAIR

The main purpose for which the agricultural fair was instituted, for which it really exists, for which men are sacrificing their time and money and for which large government grants are made, appears to be forgotten by many persons.

What is it? Is it to advance the agricultural interests of the whole country? By giving opportunity to enter together men interested in agricultural pursuits, the main spring of the world; by collecting the varied products of the farm and household, that they may be compared and that methods of production may be reviewed, commenting on and better methods devised; by illustrative lectures and competitions in many ways, the agricultural society, aided by the government, and occasionally by municipalities, strives to better the condition of the producer—be he farmer or artisan.

But how often do we see this important feature—the educative side—utterly overlooked and ignored by exhibitors, and in many cases, to a large extent by the fair managers. It is too frequently the case for an exhibitor to show his products only for "what there is in it," for the managers to put on attractions that serve no educative purpose but simply draw the crowd.

In a business man's office the other day, the writer was pleased to see a large number of prize tickets won at our fairs in the past five or six years. The money value of these prizes was considerable, but what struck home was the fact that the winner thought sufficient of the tickets to preserve them and put them in their turn on exhibition. The honor of winning—of raising the vegetables or breeding the stock that was worthy of distinction—was the all important point with this exhibitor.

As a contrast, look at the floor of the exhibition hall after a fair and all around the grounds near where the animals were placed. The whole place is littered with red, blue and yellow tickets, indicating in marked degree that many exhibitors care more for the dollars and cents represented by the prize than for the honor of winning.

Is it not to be regretted that such is the case? Should we not all strive to build up, even though there is no immediate return in cash? Let us do our best in every detail. If we win honor, even without cash emolument, let us be satisfied, knowing that everything that benefits or improves the race as a body will benefit us individually.—*Instalment Province*

CREAM PRICES BASED ON QUALITY

Grading cream and the quality basis as payment, was the motto adopted at the Alberta Buttermakers' convention. All the cream received at the different government creameries throughout Alberta this year will be sampled and graded. He who sends cream possessing consistency and quality to market it into the ranks of first grade, will receive a premium of two cents for his cream over the man who is content to file below him. Good cream is the prime essential of good butter, and the best butter brings the best price. Therefore the fact should not be questioned whether or not such a move as that taken by the Alberta buttermakers is a wise one.

The husbandmen of Western Canada are men with ideas and it is not complimentary to them in this instance to say that they will not aim at the best product and the highest price. Alberta's products are finding a high-class market in British Columbia and it is the most important step that the co-operative creameries of the province have taken with the endeavor to place a uniform as well as a high-grade butter on the market. If the quality basis as payment has no other effect than to corral the poor product it is worthy of support and commendation.

STRUCK BY TRAIN

While attempting to cross in front of the north-bound passenger train last Saturday night, Glen Kennedy, who is employed at J. J. Flood's livery barn, was struck by the engine and hurled into the ditch. He was with his brother at the time and it was at first thought that he was fatally injured. Medical aid was at first summoned and Dr. Sutherland, who hastily arrived on the scene, found that except for the shock and a severe shaking up he was not seriously injured, no bones having been broken. He was carried on a folding camp bed to the Waldorf hotel and will soon be able to be around again as usual. He was struck near the hip evidently by the projecting arm of the guard on the front of the engine and has reason to be thankful that he got off as lightly as he did.—*Representative*

LOUIS GOLDMAN MURDERED

Edgewick, Alta., May 24.—The town was thrown into a commotion this afternoon by the report that a murder had been committed about a mile east of here by Seranus Amand, formerly of Millet, who shot his son-in-law, Louis Goldman, through the head. There has been some trouble between the two men for the last few weeks, which came to a climax today in a fight. Goldman, who is a much bigger man than his father-in-law, had him down and was using him pretty roughly. Amand picked him up, merrily, and was at last allowed to get up. As Goldman was walking away with a neighbor Amand shot him through the back of the head. Amand afterwards came into town with the neighbor, and told what he had done and allowed himself to be taken into custody. It is understood that Goldman has a wife and a large family living in Edgewick.

PINEBUSH OF CATTLE IN THE PROVINCE

Mr. Williams of the Alberta Farm & Live Stock Co., Rosebush, was in the city Tuesday evening enroute for Edmonton with nine cars of fat cattle, which had been disposed of to the J. Y. Griffin Co. The shipment consisted of 129 head, which averaged 1440 lbs. odd. One pen or 64 head averaged 1550 lbs. We understand that the highest price ever paid for stock in Alberta was realized for this bunch, and that they were bought by the Packing Company for their own trade, which will give their customers as good meat as they ever obtained from the stall fed animals of the east as this bunch has been heavily grain fed ever since last fall. The company has some 300 head of stock on hand, but they intend to buy stockers again shortly and hope to have even greater results next winter by systematic feeding than they obtained on the lot just disposed of.

NEW NORWAY TAKES ON VILLAGES CLOTHES

New Norway felt the thrill of youthful achievement on Tuesday last, when the ratepayers went to the polls and elected the first village council. Six names were submitted on nomination day, but two withdrew, leaving four in the field with three to be elected. The result was as follows:—N. M. Smith 12; J. F. Willows 11; E. O. Ostad 11; and Joseph Neveu 6. The first three will form the council for 1910, and on the first meeting will elect a chairman as the first order of business. Ole Hansen and August Dittmer were the two who had their names withdrawn.

New Norway, like many other thriving towns sprang from the grass roots when the G. T. P. survey was made. While still awaiting the arrival of the steel, the village has a spacious main street and well conducted business blocks on either side. A large hotel is in course of construction and a creamery is being erected on the outskirts of the town.—*Canadian*

At the annual Meeting of the Western Stock Growers Association, held at Medicine Hat last week, the following resolution was unanimously passed:—"That this association desires to once again place itself on record that it is absolutely necessary in order to safeguard what remains of the cattle industry, that the tenure of grazing leases shall be made more permanent; that when a grazing lease is granted it shall be for a certain definite period, and that such period shall not be liable to cancellation at the will of the Minister of the Interior. We would recommend that grazing leases shall be made for at least a period of ten years, and that when once granted they shall be permanent for the said period, existing leases to be brought under similar conditions.

With creamery managers paying over thirty cents per pound of butterfat, it is not difficult to persuade the average farmer who has any knowledge of the milking capacity of even an average cow that there is money in keeping a few milkers. Generally speaking there is a continued scarcity of dairy products in the prairie provinces of Canada. Importations have been made from Ontario to fill the demand, and on the whole consumers pay high prices for butter and cheese.—*Farmers Advocate*

Fred Lehman, a few months ago proprietor of a hotel in Lacombe has been arrested in Calgary on a charge of vagrancy and it is thought he may have to face more serious charges because of connection with what seems to be a wholesale robbery scheme. Poor men have been found who were victimized by Lehman and it is thought the bartenders may get into difficulty because of the "dope" used.

IT IS SIMPLY MARVELLOUS

NOTHING TO COMPARE WITH "FRUIT-A-LIVES."

HEADACHE

Burdock Blood Bitters.

The presence of headache nearly always tells us that there is another disease which, although we may not be aware of it, is still exerting its baneful influence, and thus presenting an opportunity to assert itself plainly.

Burdock Blood Bitters has, for years, been curing all kinds of headaches, and if you will only give it a trial we are sure it will do for you what it has done for thousands of others.

Headache, Blisters, Nausea, Constipation, and all troubles with head, and constipation for a long time. After trying different doctors' medicine a friend asked me to try Burdock Blood Bitters. I find I am completely cured after having taken three bottles. I can safely recommend it to all.
For sale by all dealers.
Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve
Strength, or Nerve Weakness—nothing more. Pos-
sibly, but one weak heart in a hundred is in it-
self actually diseased. The heart is a pump, and
it pumps the blood. It pumps the blood to the
lungs, and the lungs pump the blood to the
body. Without the heart, the body would be
dead. The heart is the life-giver. It is the
source of all the power that the body has. It
is the source of all the energy that the body
has. It is the source of all the strength that
the body has. It is the source of all the
vitality that the body has. It is the source
of all the life that the body has. It is the
source of all the power that the body has.
It is the source of all the energy that the
body has. It is the source of all the strength
that the body has. It is the source of all the
vitality that the body has. It is the source
of all the life that the body has. It is the
source of all the power that the body has.

Temperance Column
Edited by
THE W. C. T. U.

GOOD ADVICE
Whatever else President Taft may
fail to be, he never fails to be broad-
ly humorous and thus keeps his grip
on the good will of the people. In a
recent address, referring to some criti-
cisms that were being made of his
course, he quoted a saying by Jowett
Headmaster of Balliol at Oxford, when
he advises a young man under similar
circumstances in the following start-
ling fashion: "Don't excuse—don't
explain—get it done—let 'em yell!"
Never have the leaders of the tem-
perance reform league been yelled at
and attacked more vehemently than
they are just at present when they are
getting such marked results against
the enemy. Even among temperance
people themselves there is altogether
too much of harping criticism and un-
christian comment. Pastors have met
it from members of their churches
who are in some way affiliated with
the liquor interest; county and town-
ship committees and state officials
are beset on all sides by false charges
and ignorant, if not invidious criti-
cism. To all such comes the Presi-
dent's excellent advice—"Don't ex-
cuse—don't explain—get it done—let
'em yell!"—The American Issue.

A LIQUOR DEALER'S CONFESSION

The claim is sometimes made by
temperance orators that prohibition is
really in the best interest of the
liquor seller himself. This claim finds
rather peculiar corroboration in the
statement of a gentleman named Mike
O'Grady, whose business of selling li-
quor in Chattanooga, Tenn., has been
rather rudely disturbed by recent leg-
islation. Among other things he
said the following: "As for the whole
lot of men it is my personal opinion
that after they become settled in
some other field of endeavor they will
blame the people who liberated them
from the official tax gatherer, the ex-
torionate landlord and the voracious
political graffer. Ours is a sorry lot
but a pleasant life. We are vilified
by the preachers, scorned by the
church people, damned by the temper-
ance politicians and damned by the
quartermen of the landlord. And all
for the sake of a few tainted dollars!
Surely they ought to rejoice when they
are out of the miserable business—
Christian Guardian.

Chamberlain's Stomach and Liver
Tablets will clear the sour stomach,
sweeten the breath and create a health-
ful appetite. They promote the flow
of bile, thus inducing
good indigestion. Sold by The Red
Cross Drug Store.

DAD STOMACH

Many in Wetaskiwin are Being Thor-
oughly Purified by Mi-on, the
Guaranteed Cure for Indi-
gestion
People of Wetaskiwin, who suffer
from dyspepsia and other stomach
troubles are getting tired of taking
preparations containing poison, be-
cause poison simply adds the food
cures.
And remember poison only digests
animal food; it has no effect on star-
chy food, such as potatoes, rice, bread
etc.
Mi-on tablets quickly arouse the
few days it is able to do its work
stomach from its inaction, and in a
easy and without exertion. There
will be no more sour stomach,
fermentation of food, dizziness, sick
headache, belching of gas or foul
breath.
Mi-on only costs 50 cents a large
box, and is guaranteed by the Red
Cross Drug Store to cure dyspepsia,
sea or car sickness, vomiting of pre-
gnancy, and stomach sickness result-
ing from over-indulgence of the night
before, or money back.

DR. WOOD'S NORWAY PINE SYRUP.

Is Specially Calculated To Cure All Diseases of the Throat and Lungs.

Coughs, Colds, Bronchitis, Sore Throat, Hoarseness, Croup, Whooping Cough, Asthma, Hay Fever, and all Bronchial troubles yield quickly to the curative powers of this purest of natural remedies. It contains all the virtues of the world famous Norway pine tree, combined with Wild Cherry Bark, and the soothing, healing and expectorant properties of other excellent herbs and barks.

Mrs. John P. Welch writes: "I was troubled with a very bad cold and cough for the past six months and used a lot of different remedies but they did me no good. At last I was advised to try Dr. Wood's Norway Pine Syrup and with the first few doses I found great relief and to-day my hacking cough has entirely disappeared and I am never without Dr. Wood's Norway Pine Syrup in the house."

The price of Dr. Wood's Norway Pine Syrup is 25 cents per bottle. It is put up in a yellow wrapper, three pine trees on the label, and is the only one of the kind. Manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

FOR SALE BY H. H. HIGGS

PUBLIC NOTICE

Take notice that the city of Wetaskiwin purposes to construct, plank, renewals on the undermentioned streets as a local improvement, under aid by virtue of the City of Wetaskiwin Charter, and that any persons having any objection to the same are required to notify the Council within two weeks from the 15th day of May 1910.

And further, that this notice is first published in The Times Newspaper in the City of Wetaskiwin, on the 12th day of May, 1910.

The following are the Streets above mentioned upon which the said sidewalks are to be constructed:—

On North side of Lorne Street from Peters Street to Cemetery, 1079 feet.

On East side of Alberta Street from Lansdowne Street to Stanley Street, 260 feet.

On West side of McDonald Street from Lansdowne Street to Stanley Street, 260 feet.

Dated at Wetaskiwin, this 12th day of May, A. D., 1910.

Edward Roberts
Secretary-Treasurer.

Ponoka Marble & Granite Co.

Manufacturers of and dealers in Marble and Granite Monuments and Headstones and all Carving Work. Restoring and Relettering. Wetaskiwin representative D. C. McLEAN.

SYNOPSIS OF CANADIAN NORTH WEST LAND REGULATIONS

ANY person who is the sole head of a family, or any male over 21 years of age, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties.—Six months' residence upon cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 30 acres solely owned and occupied by him or his father, mother, son, daughter brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$3.00 per acre. Duties.—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$3.00 per acre. Duties.—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.

W. W. CORRY
Deputy of the Minister of the Interior
N.B.—Unauthorized publications of this advertisement will not be paid for.

BETTER THAN WHEAT.

"Vergin alfalfa lands in Western Canada are fully equal in value, acre for acre, with the highest priced lands in the United States." This statement was made by Professor Thomas Shaw, late of the Minnesota State Agricultural College at Minneapolis, formerly of the staff of the Ontario Agricultural College at Guelph and now associate editor of the "Orange Judd Farmer," one of the most influential farm papers in the United States, in a recent magazine article demonstrating the superiority of mixed farming as compared with straight wheat growing.

The best alfalfa lands in Western Canada lie all around Edmonton. Professor Shaw is quite familiar with the resources of the Edmonton country, having taken long interest in its great possibilities in the way of fodder crops, on the occasion of two trips to Edmonton. It was the Professor who first stated that the land about Edmonton "is too good to devote to growing wheat," meaning that where conditions are so favorable for mixed farming, the advantages would not be turned to the most profitable use by devoting the land exclusively or mainly to wheat.

CROOKED LAKE.

Messrs. C. B. E. Anderson and Benson leave this week for Vermilion, where they have taken up land. Mr. E. will return in about two months, but Messrs Anderson and Benson with their families will remain their permanent.

Carl and Eric Rosen have purchased a Case threshing machine, consisting of a 18 horse power traction engine and 32 inch cylinder, steel spoked and equipped with self-feeder and blower. So if we have a good crop they can do the work in short order, and save the grain too.

Mr. A. T. A. of Kinman, Alta., is here with his family visiting his mother Mrs. B. A. T. and his brothers Edwin and Kilmer.

Wanted in this neighborhood about 100 little pigs. Good prices will be paid for good pigs two months old or over.

C. Maynard bought 2 sows and had to give nearly their weight in gold.

The back-bone of the drought has been broken as we have had quite a few showers. O. S. Lewis (Tele. 100) Prince Louis of Battenberg, Prince Victoria of Baden, and Prince Frederick of Prussia. Prince of Wales and his suite occupied a carriage near the end of the procession, twelve royal carriages and a full complement of military and lesser dignitaries. It was in the procession of these that Mr. Roosevelt, of U. S. representative, rode. In the fourth were the representatives of Canada, Australia and New Zealand, respectively Lord Strathcona, Sir G. B. and Mr. Hall-Jones. The royal suite, those of Edward and Alexander followed in other coaches, which the glitter of the procession they were as 12 young boys simply clad.

The shipmen, their youth emphasizing, their broad turned down collars, their seemed lost amid the gorgeousness of the pageant.

The latest individual purchaser was Mr. V. J. McNamara, who has lived here for 15 years. His purchases amounted to \$122,780.

Wm. Ingram, superintendent of school lands, had charge of the sale, as receiving clerk. Mr. Walton acted as auctioneer.

LIGHTNING EXPLODES TREES
Lightning makes trees explode like overcharged boilers. The flame of the lightning does not burn them up nor does the electric flash split them like an axe. The bolt flows through into all the damp interiors of the trunk and into the hollows under its bark. All the moisture is at once turned into steam which by its immediate explosion rips open the tree. For centuries this simple theory puzzled scientists, but they have got it right at last.—Almonte Gazette.

NO FRACTIONS
"Robert," asked the teacher of a small pupil, "how many days are there in a year?"

"Three hundred and sixty-five and a fourth," answered Bobbie.

"How can there be a fourth of a day?" asked the teacher.

"Oh," replied the little fellow "that's the fourth of July."

Your tongue is coated.
Your breath is foul.
Headaches come and go.
These symptoms show that your stomach is the trouble. To remove the cause is the first thing, and Chamberlain's Stomach and Liver Tablets will do that. Easy to take and most effective. Sold by all dealers.

THE MAY ROD AND GUN

While fishing occupies prominent positions in the May number of Rod and Gun in Canada, published by W. J. Taylor, Woodstock, Ont., there is no lack of variety, articles appealing to sportsmen of all tastes appearing in this issue. Anglers who are arranging their spring outing will find ample provision for their entertainment and will revel in the stories of good fishing trips told by their fortunate brethren. Mr. Bonney's "Able's studies of Wild Ducks in Canada will interest a vast number of people and sportsmen particularly will find their knowledge of a fine game bird much increased by a perusal of this article. Catching Kids of Mountain Goats and White Water Men of the St. Maurice are stories none should miss. Big game hunting and productive work receive much attention, while camping and mountaineering have their delights pleasantly pictured. For variety and interest the number is excellent throughout and sportsmen should see to it that a copy accompanies them on every trip.

IN THE SUPREME COURT OF ALBERTA

JUDICIAL DISTRICT OF WETASKIWIN
BETWEEN: F. E. Nichol, Plaintiff.

—and—
Margaret Brown, Defendant.

IN CHAMBERS, WETASKIWIN, BEFORE HIS HONOR JUDGE LEES, LOCAL JUDGE.

Dated the 9th day of May, A.D., 1910. Upon the application of the Plaintiff, upon hearing read the Affidavit of Andrew R. Dickson and Ernest D. H. Williams filed, the Writ of Summons and Statement of Claim in this action and upon hearing Counsel for the Plaintiff.

IT IS ORDERED that service upon the Defendant, Margaret Brown, of the Writ of Summons and Statement of Claim in this action by publishing this Order together with the Notice hereto annexed once a week for three weeks preceding the 28th day of May, A. D., 1910, in "The Wetaskiwin Times" and "The Post," newspapers published at Wetaskiwin, Alberta, shall be good and sufficient service of the said Writ of Summons and Statement of Claim on the said Defendant.

AND IT IS FURTHER ORDERED that the said Defendant do enter an appearance to the said Writ of Summons and file her Statement of Defence, in the office of the Clerk of the Court, at Wetaskiwin, on or before 11 o'clock of June, A. D., 1910 and file with a copy of the said Statement of Defence, a copy of the said Writ of Summons and Statement of Claim, and this Order be mailed by registered post addressed to the said Defendant at Killam, Alberta.

IT IS FURTHER ORDERED that the costs of and incidental to the said application be costs in the case.

(Signed) W. A. D. LEES, Local J. S. C. Clerk of the Court.

(Signed) A. T. MODR, Clerk of the Court.

NOTICE
—to—
MARGARET BROWN
of Killam, Alberta, Married Woman.

BE NOTICE that an action has commenced in the Supreme Court of Alberta, Judicial District of Wetaskiwin, against you by F. E. Nichol, for a declaration that a certain transfer made by Norman Brown to you of the North-East quarter of Section 26, of Township 44, in Range 14, West of the 4th Meridian, was fraudulent and void as against the said F. E. Nichol, Execution Creditor.

The said Norman Brown also for an injunction restraining you, the said Margaret Brown, from disposing of any interest in the said land, and restraining the Registrar of the North Alberta Land Registration District from registering any transfer or other instrument affecting the title to the said land until the final disposition of this action.

AND TAKE NOTICE that the said Court has authorized service of the said Writ of Summons and Statement of Claim therein by publication of this Notice in "The Wetaskiwin Times" and "The Post," newspapers published respectively at Wetaskiwin, Alberta.

AND TAKE NOTICE that after the 4th day of June, A. D., 1910, application will be made by the above named Plaintiff, F. E. Nichol, to a Judge of the Court for such relief as to this Court may seem meet.

Dated at Wetaskiwin this 9th day of May, 1910.

E. D. H. WILKINS,
of Wetaskiwin, Alberta,
Plaintiff's Solicitor.

News Notes

Dr. McKay was a visitor at the Capital this week on professional business.

Miss Stiles of the Alexandra school staff spent the holiday with friends at Mundare.

Mrs. Charters, of Ponoka, was a guest of Mrs. A. H. Barnard over the week-end.

There is every prospect for a heavy crop all through the Wetaskiwin district this year.

Dr. Campbell, M.P.P., for the Ponoka district, was in the city the fore part of the week.

Only one and a half months remain before Dominion Day, and no mention has been made as to its celebration.

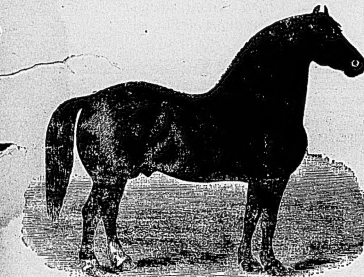

Mrs. Miles, who has been spending some weeks in different parts of Ontario, returned to the city last week.

As may be seen by advt. elsewhere, a sale of a portion of the Indian Reservation, south of the city takes place at Ponoka on June 22nd next.

Mrs. Terry, of the Alexandra school teaching staff has been selected by Premier Rutherford, minister of education, as a member of a committee to revise the course of studies in the provincial schools.

The Hercules Rotary Engine was taken to Calgary this week where it is expected the balance of the shares will be subscribed in a few days. Among those who wish to buy in connection with the engine are: Messrs. Geo. D. Wallace, E. G. Rodell, H. G. Craig, Geo. McManus, W. B. McChesney and H. I. Call.

Last week we were requested to publish a large advertisement for an Eastern catalog house, the request coming through a thoroughly reliable agency, but as we do not believe the mail order business conducive to the best interests of the community, we turned the proposition down. We were sorry to do this because we need the money, but we could not accept an advertisement we knew to be not in the best interests of the city. Our motto is "Patronize Home Industry."

UNRESERVED AUCTION SALE

There will be sold by public auction at Owen's corral, corner Pearce and Railway Sts., E., Wetaskiwin, on

SATURDAY, MAY 28

Commencing at 9 o'clock sharp the following:

The Thoroughbred Stallion Six Shooter

Thoroughbred Stallion, Six Shooter—Six Shooter is a grand specimen of the thoroughbred; standing 15 1/2 hands and weighs 1200, brown in color with white star and two white hind stock legs. His sire is Sir Dixon and his dam Kentucky Belle II. is a full sister to the Great Hanover. He was brought into Alberta from Lexington Ky., last December. Six Shooter was a very fast race horse, winning \$25,000.00 on the American Turf. He holds the American record for one mile and twenty yards, time 1:48. He also holds the record at Lakonia, Ky. for one mile and seventy yards, time 1:43 2-5, only three of his colts have raced as yet, Automatic, Point Lace and Forty-Four, all of these colts are winners. Forty-Four after winning a 1-16 mile race at Jacksonville, Florida, selling for \$1500.00. This is a good opportunity for anyone wishing a A 1 Thoroughbred Stallion.

Thoroughbred Mares

STRATHCONA BELLE—Black mare by (Imp.) Pirate of Pensance out of Raybelle by (Imp.) Bayon d'Or. Bred to Six Shooter.

BIBBY—Bay mare by Duke of Montrose, out of Nettie by (Imp.) Billet. In foal to Kinley Mack.

ELIZABETH HOLMES—Chester mare by (Imp.) Candinas, out of My Own, by Sensation. This is a half sister to the great Irish Lad. Bred to Isia.

LADY VALENTINE—Chester mare by (Imp.) St. Gatien or (Imp.) Golden Partner, out of Brezza, by Torino. This is a half sister to Royal Breeze who won the Rosedale Stakes, at Jamaica, New York. Bred to Six Shooter.

CONSTANCE—Bay mare, by Jils Johnson, out of used, by Pat Mal-2875 is the dam of Montrose and Temper and has a horse colt. At foot by (Imp.) Goldenrod. This colt was foaled March 22nd and is a stout colt. A nice Alberta bred colt that will take some beating in a couple of years.

KITTY CARR—Bay filly two years old by (Imp.) Woolthorpe out of Hum, by Ladus. Chum was imported to England, in Utero. This filly broke but has never been tried out. She is of good bone and stands 15 hands.

THREE BIRMINGHAM—Bay colt, yearling, by Beacon Light out of friend by (Imp.) Ingoldby. Beacon Light was a very fast horse and at the purple, his grand sire being G. L. Loringham, his dam (Imp.) Tartlet, Bantago.

All these mares were imported from Kentucky last December and are all of individuals of exceptionally good breeding.

It must be sold absolutely without reserve.

Terms—6 months credit, on furnishing approved joint notes bearing 8 cent interest, 5 per cent discount for cash. Parties from a distance please bring reference.

M. OWEN, Owner G. L. OWEN, Auct.

PREMIER RUTHERFORD RESIGNS

Premier Rutherford has at last yielded to the demand of the party and has handed in his resignation as premier, provincial treasurer, minister of education and minister of railways.

Chief Justice Sifton, of Calgary who is in the city today accepted the call of the party to the leadership and will succeed Rutherford as premier. His cabinet will probably be himself as premier, minister of public works, and provincial treasurer. Judge Mitchell, attorney general and minister of education, Dr. Warnock, of Pincher Creek, minister of agriculture.

The above is the only fairly definite information that can be gathered up at the hour of going to press, as to the startling developments which it is believed followed a series of political conferences that were going on in the city all day yesterday and until late last night. The premier has resigned is given out on the best of authority. That Chief Justice Sifton will succeed is almost a certainty and it is understood he is only awaiting the placing of the various elements in the legislature, before he consumes control of the party, and accepts the call to form a cabinet.

The other members of the cabinet are said to be ready to resign at a moment's notice and it is possible they will do so before the legislature convenes again this afternoon at 3. In that event, all that the legislature will have to do this afternoon is to meet and adjourn again, not to resume session until Chief Justice Sifton, as premier, has carried the country with his new cabinet or some other developments occur in the sessions that are almost certain to follow within a few months.—Journal

CARD OF THANKS

Mr. and Mrs. Thos. Ward wish to sincerely thank the many kind friends for their assistance and heart felt words of sympathy during the illness and recent demise of their son.

"Lifebuoy Soap is delicately refreshing for Bath or Toilet. For washing underclothing it is unequalled cleanses and purifies."

Was All Run Down. Weighed 125 Lbs Now Weighs 185.
Mrs. M. McGann, Delee Junction, N.B., writes: "I wish to tell you what Milburn's Heart and Nerve Pills have done for me. Three years ago I was so run down I could not do my own work. I went to a doctor, and he told me I had heart trouble and that my nerves were all unstrung. I took his medicine, as he ordered me to do, but it did me no good. I then started to take Milburn's Heart and Nerve Pills, and had only taken one box before I started to feel better, so I continued them until I had taken several boxes, and I am now strong and well, and able to do my own work. When I commenced taking your pills I weighed 125 pounds, and now weigh 185 and have given birth to a lovely young daughter, which was a happy thing in the family. When I commenced taking Milburn's Heart and Nerve Pills, I could not go upstairs without resting before I got to the top. I can now go up without any trouble."

The price of Milburn's Heart and Nerve Pills is 50 cents per box, or 3 boxes for \$1.25 at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Dr. Robertson left Saturday for Banff on account of rheumatism but will be in his office June 1st to resume his practice.

Attention is directed to the advertisement of P. C. Peterson in this issue. He is the exclusive agent in this district for the Plymouth Blower Twine, which is made by the oldest cordage establishment on the continent.

Dr. George says that this spring he has noticed three birds nesting in Alberta which have not hitherto been recorded as frequenting this province.—Red Deer Advocate.

The second C.P.R. crop report for the season has been issued. It shows a favorable condition of affairs. From several points the report is sent that the crops are up from one to two inches. So far there has not been a single report received from lack of rain.

Ponoka is to have an electric light system this fall for the residents of that town. Some time ago arrangements were made with the provincial government that the residents should be supplied with electricity from the plant at the new hospital for the insane, that is now completed there.

Post office officials state that there is a considerable rush already to secure sets of stamps bearing the late king's portrait. A new issue of stamps will it is said, be prepared shortly, and as soon as the present issue of stamps bearing King Edward's head is exhausted, the others will be placed on sale. New coins will also be issued.

Alfalfa has heretofore been considered a good food for animals—cattle, horses and hogs. Now, however, it is to serve another purpose. At Omaha, Neb., the dry leaves are being ground into meal and flour, mixed with wheat flour and sold on the market as corn position out of which bread and pastry is being made. It is said that already half the families, both rich and poor, in Omaha, are eating hay and they say they like it.

Pauls Valley, Okla., May 21—Maysville, a small town fifteen miles northwest from here, was wiped off the map by a tornado last evening, and several persons were killed. According to the meagre reports received here, the town of Maysville, near Maysville, was nearly all swept away and three persons were killed. All wings are down. One of the hardest hailstorms in the history of this region swept over a stretch of country near here in places obliterating all signs of vegetation.

Referring to the horse races held at the Port on the 24th, the Edmonton Journal says—

Free for all, trot or pace—Price \$500, 1st heat won by P. O. Dewey; 2nd, Capt. Derby; 3rd, Theban's Piralal; 3rd, Dixon's Teaser. Time 2 mins. 18 secs.

MARRIED
LEBO—CUNNINGHAM—At the Methodist church, by Rev. A. R. Aldridge, B. A., on Thursday May 19th, 1910, Emmet Moulton Lebo, of Bawlf, to Miss Lillie Cunningham of Pierre, S. Dakota.

An agreement has been reached between the Federal Government and the province of Alberta and Saskatchewan, whereby the arrangement regarding the Northwest Mounted Police will be renewed for five years from March next. Each province is to pay \$75,000 towards the upkeep of the force. An order in council giving effect to the agreement will be issued in a few days. Recruiting has been actively resumed in the east.

From information received from time to time from various sources, it is evident that the Wetaskiwin district has more than a local reputation and there is a reason. A district that can produce the quality of grain marketed at this point—and the quantity per acre—is bound to become known far and wide, and the little effort that has been put forth to spread this information is showing good results.

Montgomery vs. Nealey.

"WHAT HAPPENED TO JONES"

"What Happened to Jones," a comedy known to be the funniest farce comedy ever written will be presented here on Monday night, next, in Angus Hall. The unique series of complications that go to make up the plot, the bright and sparkling dialogue makes the play stand pre-eminent in its class. The company this season is all that could be desired. It is headed by William G. Colvin, last seen through here as "Posty" in the "Donnie Brier Bush." Miss Marion Macdonald, who was first seen here as "Flora" in the same play. George Zucco, a fine English actor. Florence Hunter who has just returned from London, where she was playing a leading part with Arthur Douchler. Dorothy Milne, lately with Henrietta Crossman in "As You Like It." J. Chesney Logan of the same company. Percy H. Beal, a fine stock actor. Miss Mildred Parsons of the Bush Temple Theatre, Chicago. Grace McHugh a recent recruit from Vaudeville and Geo. Maybee an excellent character comedian.
